

DAY 2 | May 2, 2020

Scripture

“And God is able to bless you abundantly, so that in all things at all times, having all that you need, you will abound in every good work.” — **2 CORINTHIANS 9:8**

Inspiration

This verse has come to life at Wellspring over these past many weeks. God knew we would need something in place and He even knew why — abundantly blessing us so that we would have what we needed to “abound in every good work!” There are examples of it everywhere, but here is a beautiful example.

Prayer

GRACIOUS GOD, you know our needs before we do. You provide for us before we ask. **You put things in place with our future in mind — all that we might abound in good works.** We don't often think about a software system as a blessing. In fact, often it's the opposite! But, as we have the benefit of hindsight and can see what you did more than a year ago to prepare us to serve these precious youth, we're overwhelmed with gratefulness at your love and provision. Thank you for allowing us to serve these kids; thank you for protecting them each day of this pandemic. Continue to bless that work, and all that we do at Wellspring so that our good work can abound. **AMEN.**

Real Blessings

More than a year ago, we implemented an entirely new information system for our child and family division called CareLogic. Like any major change, this did not come without challenges. Having CareLogic — and a specific component of it called “Dr. First,” has been a true blessing in this time of pandemic. Dr. First gave us the capability to have the kids' doctors “e-prescribe” and use video/telehealth. And that is now the only way our kids can see their doctors. Without CareLogic already in place, we would have had to scramble to put something in place.”
